READ—the following:—

Ref:- Bellary Chairman Municipal Council's G.C.596/7-7-31 and its enclosures.

O r d e r.

There is a rat destruction establishment at Bellary. The Municipal Health Officer Bellary proposed its retention last May for 10 months from 1-6-1931, observing that, in a place like Bellary where bazaars, godowns and factories each other among dwelling houses a systematic anti-rat campaign was the only available measure against plague. The Public Health Standing Committee of the Municipality resolved, at its meeting held on 20-6-31, to retain the establishment only for a period of 5 months, for want of allotment; and the Municipal Council in its meeting held on 22-6-31 resolved to disband the entire establishment, without assigning any reasons.

2. In the opinion of the Collector this is a reasonable plague preventive measure without which public health will be immediately subject to danger. He therefore in exercise of the powers vested in him by section 36 subsection (2) of the District Municipalities Act 1920 is pleased to suspend resolution No.4 (2) dated 22-6-31 and subject to the final orders of the Government, to order under section 37, the retention of the rat destruction establishment for a period of 6 months from 1-6-31. The cost of the establishment will be met from the Municipal funds.

Plague - Bellary mnclty - appt of rat-destruction staff - cancellation of the Council's resolution.

Under plague standing order no 20, the expenditure in respect of rat destruction including the cost of traps and poison and the pay of any staff employed, is debitable to the municipal fund. The requisty the mlcl in its resolution no 32 Dt 8.8.31 to meet the expenditure from the provincial funds cannot be sanctioned. The above requisty the mlcl is made on the ground that the mlcl is unable financially to meet the expenditure. It is not known what the cost of this rat-destruction establishment is but it is not likely to be so great as to make it impossible for any mlcl, however poor it may be, to meet it. The mlcl can, if necessary, make necessary curtailment in other items of expenditure and thus meet the expenditure involved in the retention of the rat destruction staff.

Needless orders may therefore continue to be in force.

Draft orders submitted below for approval.

The Bellary mcl has in its resolution no 4(2) dated 22.6.31 declined to approve the proposal of the mc Health Officer for the retention of the plague rat destruction staff for a period of 10 months from 1.6.31. The Coll of Bellary has in his proceedings C.No. 3390/31 - B.10 dt 21.7.31 suspended the resolution on the ground that it is likely to endanger the public health of the town and ordered the retention of the rat destruction establishment for

a period of 6 months from 1.6.31
In memo no 3075g-1E, dtd 13.8.31 | pb.7 cf
the Govt called upon the Mcl
to show cause why the Collector's
order should not continue in
force. The chairman has now
submitted a copy of the resolution
of the Mcl stating that the
Govt may be requested to
address the Govt to meet the
expenditure on this staff as from
provincial funds. As this
resolution does not formally
cancel the previous resolution
declining to approve the retention of the plague staff,
the Govt in exercise of the powers
conferred by sub-section (2) of
section 36 of the MD Act, 1920
(as amended by Act X of 30), direct
that the Collr's order should continue
in force for a period of 6 months
from 1.6.31.

2. ~~The Govt regret that~~
~~they cannot accede to sanction~~
The request of the Mcl to meet
the expenditure in connection
with the retention of the plague
destruction

3

Destruction staff from the provincial funds.
Cannot be complied with. The whole Board must keep
expenditure from its own funds,
making it necessary some curtailment
in the items of expenditure by the
Mcty Council.
